Please Note: Our digital 4 color process printing methods (dye-sublimation, heat transfer and digital direct) utilize specialized computer printers to transfer your image onto our products. These print methods use CMYK (Cyan, Magenta, Yellow, Black) ink colors and not pre-mixed PMS inks (which are used in silkscreen and pad printing). Therefore, exact PMS color matching is not possible and we cannot issue credits, refunds or accept returns for an issue relating to a requested PMS color match. We will do our best to match your colors as closely as possible. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing #E4830. Expires 12/31/2024. 0207
