#5164 'FUSION' INTEGRATED CHARGING CABLE USB PORT EXPANDER

The FUSION combines cable charging and USB hubs in one convenient device. It features traditional USB and USB-C charging inputs with USB, USB-C, Micro-USB and iDevice charging outputs and 2 USB hub expanders for traditional USB and USB-C inputs. It's compatible with all cell phone types. You can charge a cell phone while simultaneously using one of the USB hubs to add another peripheral. Includes a handy carabiner ring for clipping flexibility. Available with a spot color or full color PhotoImage™ imprint.

Size: 1-1/4" W x 7-1/2" L. **Imprint:** 1" W x 1-1/4" H

(100pcs.).

Shown with Optional Full Color Imprint*

Please note: Due to the wide variety of designs & thickness on individual phone cases, some cell phone cases may restrict the charging cables ability to connect securely to the phone. This is not considered a cable defect and the case may need to be removed to secure cable connections. Important Information: Variations in print substrates/materials make it impossible to exactly duplicate PMS colors on Innovation Line products. Color variation cannot be considered a defect due to ink, lighting, material or any other variation. PMS color matching is not possible for any imprint method, including screen print, pad print, PhotoImage® full color direct, full color label, transfer and sublimation. PMS is only a reference point and an approximation. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. iPhone® and Apple® are registered trademarks of the Apple® corporation, Inc.
